Meet Dr. Miller

When Dr. Erica Miller shares her stories and wisdom, people can't help but listen and take them to heart. A five-foot tall dynamo with an effervescent spirit, she has overcome challenges through her life that are difficult to fathom.

After spending part of her childhood in a concentration camp, her family immigrated to Israel. There she pursued a rigorous education and military service, which was highly uncommon for women at the time. Dr. Miller's persistence and discipline led her to earn a Ph.D. in clinical psychology, establish a group of mental-health clinics, raise two children, create a non-profit foundation, and manage a highly successful real-estate business.

As a survivor, pioneer, and entrepreneur, Dr. Miller offers a unique perspective and keen insights on perseverance, communications, work-life balance, adapting for business success, and the secrets to aging without limits. Her passion for life and her undeniable spark blend to create truly unforgettable presentations and teachings that empower audiences to approach their business and personal lives with gusto.
